Question: Mr. Wanchai, Proxy holder of Thai Investors Association	Kindly explain reasons and other details of the audit fee of EY Office which increased significantly,
Answer: Miss. Tamonwan Narintavanich	Last year EY considered reducing the audit fee for the Company and for this year it still used the same criteria to consider the Audit Fee. For the increased audit fee is due to the expansion of the Company in foreign country and the company structure is more complicated resulting in the additional audit fee in accordance with Company's structure.
Question: Mr. Wanchai, Proxy holder of Thai Investors Association	The recruitment of auditors and the Company where the Auditors attached to the Risk Management Committee, whether the Company considered recruiting other auditors with the same qualifications in the same level other than EY Office? As it is found that during the past 2-3 years, EY Company in foreign countries had many notorious cases even it did not concern directly with EY in Thailand but the shareholders should look back at the significance of recruiting auditors with are fair and free.
Answer: Mr. Woraphot Chankomon Chairman of the Audit Committee	The Company had compared the audit fee with other auditors also, however the Audit Committee considered and found that if the Company and the affiliated companies use the same auditor from the same audit company, it will be more dynamic even they are in different countries but the standards of the auditing are similar to each other.
